

Our High Definition camcorder delivers the optical excellence, advanced image processing and superb performance found in broadcast television. This results in beautifully rendered video with vivid color, fine detail, and rich gradation. Our video package will cover the chapel, reception and other important moments. Once the video is complete, we will edit and transfer it to DVD format. Text, graphics, photographs and music can be added. You will receive professional high quality DVD's with running time between 1 - 2 hours, depending on the type of event you have. You can count on us to give you colors that are as rich and vibrant as your memories.
